WORK EXPERIENCE

React Native Developer	Nov 2024 – Present
Freelance	Remote
<ul style="list-style-type: none">Led technical consulting engagements, defining strategy and optimizing Minimum Viable Product (MVP) scope to ensure project viability.Developed customer-facing and internal solutions, emphasizing comprehension of client constraints and how solutions integrated into their operational environment.	
React Native Developer	Oct 2021 – Aug 2022
Southern Code	Remote
<ul style="list-style-type: none">As Tech Lead, I directed a 5-developer team in process restructuring to recover the schedule and achieve a successful, on-time launch.Contributed to the Atelier Beauté Chanel app update through launch, a key service supporting the Austin, TX store operations.	
React Native Developer	Jun 2020 – Oct 2021
Puzzle Digital	Remote
<ul style="list-style-type: none">Involved in Dolby's content platform from POC development to official launch, building a solution for all React Native supported platforms (iOS, Android, Web, and tvOS).Served as Mentor for a group of trainee developers (Puzzle Academy), guiding them until their integration into active development teams.	
React Native Developer	May 2018 – Jun 2020
Next Dots	Remote
<ul style="list-style-type: none">First role in the industry, where I solidified self-taught React Native knowledge and core programming concepts by contributing to multiple client applications.Worked across multiple projects concurrently, regularly juggling up to 4 different codebases in a single day, adapting to varied structures and shifting priorities.	

EDUCATION

Associate Degree in Video Game Development	Feb 2016 – Nov 2018
University of La Punta
